Letter of Reference

On behalf of Teva Pharmaceuticals Poland, I would like to thank **TeamLabs® Linia** for professional organisation and execution of a team building workshop prepared for our International as well as National IT team.

During a recently implemented project, a team from **TeamLabs® Linia** designed a workshop precisely responding to the needs and expectations of the target group, as evidenced by the enthusiasm with which the participants engaged in the prepared activities. An important advantage of the event were the competent trainers who exhibited extensive knowledge of the subject and very good liaising skills with the audience.

We appreciate your commitment and excellent organisation demonstrated during the workshop delivery.

In the course of our cooperation since 2014, we have executed jointly a number of projects aiming at collaboration and respect for individuals, including among others:

- GUTENBERG
- EINSTEIN MACHINE

We can certainly recommend **TeamLabs® Linia** as a reliable, well-organised and trustworthy business partner.

Regards,

Pharmaceuticals Polska Sp. z o.o.
